

 CTK INSIGHTS

Volume 13, Issue 1, 2016

**Find us at MEDLAB in 2017 (Now separate from Arab Health!)**

In the past, CTK Biotech has been a proud exhibitor at the Arab Health Exhibition and Congress. In 2017 you will now find us at MEDLAB, the world's largest laboratory exhibition and congress. Starting in 2017 MEDLAB will now be its own stand-alone event after 15 years of success alongside the Arab Health exhibition.

MEDLAB will be held at the Dubai International Convention and Exhibition Centre from February 6th to the 9th, 2017. You can sign-up for your free visitor registration on their home page. CTK Biotech is proud to be one of 700 international companies exhibiting at MEDLAB 2017. Join over 30,000 laboratory professionals, visiting 6 exhibition halls to learn about the latest diagnostics products available to the global market.

**Be sure to**

- ✓ stop by our booth located at Hall Z5, Booth B41
- ✓ pick-up your gift from CTK
- ✓ meet our team to hear about new products

ELISA instruments

**Missed us at MEDICA 2016?**

If you missed us at MEDICA 2016 in Germany, you missed an exciting show with exhibitors from over 68 nations. During MEDICA, we introduced the newly released ELISA instruments, ELISA kits and Rapid tests, met with our distributor partners, discussed 2017 plans and new products in the R&D pipeline. For more information and updates about our events, please visit us at [www.cktbiotech.com](http://www.cktbiotech.com) or email us at [info@cktbiotech.com](mailto:info@cktbiotech.com).
